PHILIPP WEBER

Founder - fRilingue Language Learning Camps

I founded fRilingue in 2007 because I wanted to bring young people together and give them the chance to discover, like I did when I was a teenager, how much fun it is to learn a language in a beautiful location with new friends and energetic teachers. I have participated and worked in camp and outdoor programs all my life - as a group leader, teacher, ski instructor, and even as a clown during my university studies! I love to hike, read philosophy and literature, discuss politics and life, travel, play chess, play soccer, ski and dance.

There are three core values that are important to me and which forms the foundation of the fRilingue philosophy:

1. Professionalism
2. Compassion
3. Openness

I look forward to welcoming your son or daughter to one of our uniquely Swiss winter camps!

LJUBISA ILICIC

Director - fRilingue Language Learning Camps

In the summer of 2010 I was looking for a volunteering project abroad. I found fRilingue and it changed my life. After my first experience, I knew immediately that I wanted to come back. fRilingue offered the best of Switzerland; a uniquely positive atmosphere, an international environment, breathtaking scenery, clean lakes and well maintained beaches - as well as interesting participants from all over the world.

Since 2012, I have been in charge of every camp, working for fRilingue the whole year round. Working with fRilingue has given me some valuable skills; I improved my English, learned German and developed a strong work ethic. Furthermore, the international environment encouraged me to travel all over the world. Since 2010, we have had more than 3000 different participants, 25% of whom are returning to our camps each year. This is a positive reflection of the fRilingue experience, making my job very satisfying indeed!

Leysin Summer Camp

RUBEN SPIESS
Camp Leader - Leysin

Aged 15 in 2008 I spent my summer with fRilingue for the first time and I immediately fell in love with it. Since then I've been spending all my summers with fRilingue, from 2010 as a Volunteer in the kitchen and from 2012 onwards as Camp Leader or as Teacher. The spirit and the people are magnificent every year and by now fRilingue has become a big family. I made a lot of friends here from different countries, which enhance my life and return every year like me. I study History and French at the University of Fribourg and I'm very fond of theatre and ice hockey too. Whether you're learning a language or tackling new responsibilities the fRilingue camp has allowed people like me to live up to a potential they've never dared to believe in.

Fribourg Tour de Suisse Camp

MICHAEL MCKEAN
Camp Leader - Fribourg

I first came to frilingue as an English teacher in the summer of 2013, and continued to return each season whilst studying for my bachelor degree. After completing my bachelor degree in June 2015, I decided to take my involvement with the company further, returning as a teacher for the summer and then staying on to start a year-long internship starting in September. For me, part of the magic of frilingue is that the international & multilingual environment allows language learning to extend way beyond the classroom. Also, it isn't only the participants who can improve their language skills; I myself have developed conversational skills in French since joining back in 2013, and I know that many of my colleagues can say the same.

- Located in Fribourg's well-preserved medieval city centre
- Safe & secure student city with charming old town

- 6 hours of creative classes
- Full-board accommodation
- Single or twin bedrooms (en-suite available)
- 6 students per class

On the top of the Berneuse is the modern panorama Kuklos. The area around the Tour d'Ai, Tour de Mayen and Tour de Famelon is home to three mountain lakes and is therefore one of the most popular hiking destinations in Switzerland. Leysin is known for its international schools and its cosmopolitan atmosphere. Aside from its native language of French, English is also often heard in Leysin, due to its large British and American expat community. There is also a well-known Hotel School with students from all over the world - as well as an American School. www.leysin.ch

Daytrip Alternatives: [Daytrip to Bern](#) - Visit: Einstein Museum, Cathedral, Bear Park

Bern

Not many cities have managed to retain their historic features quite as successfully as Bern, the capital of Switzerland. The old town of Bern is a UNESCO World Heritage Site and thanks to its 6 km of arcades - the locals refer to them as 'Lauben' - boasts one of the longest weather-sheltered shopping promenades in Europe.

Zurich

As a «metropolis of experiences» by the water, with a magnificent view of the snowcapped Alps on the horizon, Zurich offers a unique mixture of attractions – over 50 museums and more than 100 art galleries, international fashion labels and Zurich designs, and the most flamboyant and lively nightlife in Switzerland.

Geneva

Embedded between nearby Alpine peaks and the hilly terrain of the Jura, the French-speaking city of Geneva lies in the bay where the Rhone leaves Lake Geneva. With its humanitarian tradition and cosmopolitan flair, the European seat of the UNO and headquarters of the Red Cross is known as the «capital of peace».

Gruyères

A picture-perfect medieval town on a small hill with a castle and three totally different museums: In Gruyères, 800-year-old regional history and culture meet Oscar-winning aliens and Buddhist sculptures. Gruyère cheese is an important factor in supporting the tourist trade in the region.

Fribourg

Drinking a cup of coffee in a leisurely fashion, admiring the old facades and beautiful fountains, listening to two local languages or gazing from the 74-meter spire of the Cathedral far into the countryside - this is an experience enjoyed in Fribourg (Freiburg).

Zermatt

Zermatt lies at the foot of the Matterhorn. The town's touristic development is closely linked to what is most probably the world's most famous mountain. The vacation destination is a car-free zone, has preserved its original character and offers nearly unlimited possibilities as far as excursions are concerned.
